SUGGESTED TAPES

“Where to Begin with Word of Truth Bible Studies”

Studies Pertaining to the Nature and Implications of the Gospel

The following tapes deal with this subject from various angles.

- a. The fundamental aspects of the Gospel are taught in the series “The Gospel” (tapes GOS 1-6). The publication *The Gift of Salvation* is a written companion to this series and provides extra help in this area.
- b. We have been bombarded in our day with what some have called “The Prosperity Gospel.” This teaching holds that the Bible promises material blessing and prosperity to those who know and believe the Lord. This is foreign to the teaching of the word of God and is the subject of tapes PG 1-4. This series would be helpful for any who have been confused by this emphasis.
- c. Many Christians struggle with assurance and security in respect to salvation. Four studies in the Christian Living section (tapes CL 1-4) entitled “The Security of the Believer” provide teaching in this area, along with a chapter in the book *Foundations of our Great Salvation*.

Basic Concepts of the Christian Life

The “Christian Growth” tape series (tapes CG 1-13) deals with the foundational concepts of the Christian life. This is a good beginning point for those who need to establish (or re-establish) the essential truths relative to the Christian walk.

The Christian Doctrine of Volition

God has given man the capacity to think, called *intellect*; the capacity to feel, called *emotion*; and the capacity to choose, called *volition*. This series (tapes VOL 1-20) is a “must” series for gaining Christian maturity. There can be no growth until we accept full responsibility for our actions and reactions.

Systematic Studies of the Books of the Bible

The majority of catalog listings involve word-by-word studies of various books of the Bible. This represents the heart of Word of Truth—exposition of the word of God in an orderly and thorough manner.

ABOUT GIVING TO WORD OF TRUTH

It is the firm conviction of the Word of Truth ministry that God's grace cannot be purchased with money (Acts 8:18-20). Since we want to deny no one access to our Bible study materials, the tapes and literature in this catalog have no price listed. At the same time, it must be realized that though no charge is made, there is great cost involved in producing these studies.

Word of Truth material is distributed to all on a grace basis. This means we rely solely upon God to work within the hearts of His people and give them the desire to support the ministry in accordance with the principles of grace set forth in the word of God. We encourage all who receive Word of Truth material to take an active part in this ministry by praying regularly for the work, introducing others to our materials, and giving monetarily.

In I Corinthians 16:1, Paul teaches that God has given specific instructions concerning giving, "Now concerning the collection for the saints, as I directed the churches of Galatia, so do you also." The words *I directed* translate a word that means *command* and is used to express specific orders that have been given; God has set forth ordered rules for giving. The following is a brief summary of some of the *principles of grace giving* that we at Word of Truth pray that you will apply to every ministry to which you give.

Principles of Grace Giving

Giving: Its Responsibility

That Paul expected every believer to take part in giving is taught by plural nouns and pronouns in I Corinthians 16:1-2. "...churches (plural) of Galatia, so do you (plural) also...let each one of you put aside and save..." Paul anticipated that every believer would take an active part in giving to help meet the needs of the church in Jerusalem. According to Paul's instructions, under grace, giving is a privilege and responsibility of *all* Christians.

Giving: Its Planning

Maturing Christians are to plan their giving. God reveals that grace giving requires each believer to develop his own giving plan (I Corinthians 16:2, II Corinthians 9:7).

Giving: Its Regularity

The idea of orderly, systematic giving is taught two ways in I Corinthians 16:2. That giving is to take place on the first day of the week teaches that it is to occur at consistent fixed intervals. The requirement that giving be regular is also emphasized by the use of the present tense form of the verb *put aside*. The present tense communicates an ongoing action. It could be translated "keep on putting aside." Grace giving is not a hit and miss, on-again-off-again kind of activity. Giving that is in accordance with the principles of grace is methodical.

Giving: Its Amount

When determining how much to give, consider the following: How much do I have to give from? II Corinthians 8:11-12 teaches that Christians are to give out of what they have, "But now finish doing it also; that just as there was the readiness to desire it, so there may be also the completion of it by your ability. For if the readiness is present, it is acceptable according to what a man has, not according to what he does not have." Simply put, you must have it before you can give it. A second consideration is the concept of proportional giving. I Corinthians 16:2 teaches each is to put aside "as he may prosper." The amount given is to be proportionate to the manner in which God has financially blessed. How much to give is a personal, private matter, with each believer deciding for himself the appropriate amount.

Giving: Its Attitude

Giving under grace is to flow from the heart as a matter of privilege and pleasure, not as a result of pressure, "for God loves a cheerful giver (II Corinthians 9:7)."

We at Word of Truth encourage all believers to exercise their spiritual priesthood by regularly making the spiritual sacrifices that believer priests are to offer to God. Monetary giving is one of the spiritual sacrifices that Christians can make (Philippians 4:14-17). We do not want believers to give in order that we might be the recipient of gifts; we pray that believers will give, as motivated by the Lord, so that we may continue putting forth the word of God. Most of all, we desire that fruit may abound to your account and that God may be glorified as you give out of love, in faith, in accordance with His holy word.

LITERATURE AND VIDEOS

Booklets

The Gift of Salvation

This attractive booklet focuses on the nature of the gospel. The gospel involves a specific person, Jesus Christ. It involves a specific work, His death on the cross. It involves a specific accomplishment, an atoning death for man's sin. The conditions upon which a person becomes a Christian are discussed, and the basis of security and assurance is presented.

The Parenting Privilege

Many books have been written on the subject of parenting. Most of them incorporate psychology and deal with "the terrible two's," etc. This is not what this book is about. Believing in the truthfulness and adequacy of the word of God, the focus of the book is on the exposition of those passages that deal with child-parent relationships. The book of Proverbs abounds in such passages, and Paul teaches the subject in Ephesians and Colossians.

One chapter is devoted to explaining how parents can teach their children moral absolutes. Absolutes are the framework for perceiving truth. The only true options for learning them is the home and the church. The book rests on the thesis that Word of Truth embraces—it is only in God's word that absolute truth may be found.

Portraits in Proverbs

Throughout the book of Proverbs, we find repeated reference to various types of character sets. It speaks of the sluggard, the fool, and many others. These references have been gathered together and handled as "character sets."

Some of the chapter headings are Portrait of an Ideal Woman, or "Mrs. Far Above Jewels"; Portrait of a True Friend, or "Someone Closer than a Brother"; Portrait of the Naive, or "From Airhead to Wronghead." Much practical wisdom for living is found in these pages. This book is also available on cassette tape. It is read by Corey Hansen and is coded PP 1-3.

Prophetic Bridges

This booklet examines forty-two Old Testament prophecies concerning the Messiah, linking each one to the New Testament fulfillment in Jesus.

The Unborn Child

The Unborn Child asks the question, What is in the womb of the mother? It then shows that the same words used for the living child are also used for the child before birth. The unborn child is truly a person.

The Foundations of Our Great Salvation

This publication outlines the basic doctrines pertaining to salvation, starting with an introduction on "The Importance of Doctrine." The first chapter, "God's Power in Salvation," covers the doctrines of redemption, reconciliation, justification, imputation, and regeneration. The next section, "God's Principle in Salvation," deals with the doctrines of grace, faith, and assurance and security. The last chapter is "God's Product in Salvation," covering the basic features of the church. This book is "must read" material for every believer and is especially helpful to new Christians.

The Holy Spirit

The first chapter answers the question, Who is the Holy Spirit? Chapter two presents the Holy Spirit in symbols—wind, the dove, water, a seal, an earnest, oil, fire, and clothing. Other chapters deal with the Holy Spirit in the Old Testament and His ministry to Jesus Christ. The last chapters cover His relationship to believers. The section on the Holy Spirit in Salvation presents His pre-salvation work of convicting and His work at Salvation—regeneration, indwelling, and baptizing. Another chapter covers the gifts of the Spirit. The final chapter deals with the Holy Spirit's role in the believer's Christian walk.

The Grace of God

This little booklet measures only 4¼ x 5¼ inches and has 14 pages—just the right size to include in a greeting card, carry in your pocket, purse, etc. Though small in size, it is packed full of excellent teaching on God's grace. There is no truth more essential to true Christianity than the concept of the grace of God since grace forms the basis, the only basis, for a relationship with God.

Words of the Faith

This publication contains a study of thirty-two words used in the New Testament. Many of them are extremely colorful, and all convey profound meaning. The words are indexed by the English translation, as found in the NASB, and by the Greek word from the Greek New Testament. Each word is transliterated, the pronunciation is given, the number from Strong's concordance is listed, and a key passage is quoted. All of this is followed by commentary on the meaning and usage of the word in the New Testament.

Psalm 1: The Happy Man

Psalm 1 is considered a prologue to the entire book. Its introductory nature is shown in its theme: a contrast in the experience of the godly and the wicked. Verses 1-3 center on the happy man, showing that true happiness comes from godliness consisting in total occupation with God as revealed in His word. Verses 4-6 center on the man who stands in contrast to the happy man—the wicked man.

Psalm 2: The Psalm of the King

Psalm 2 is a kingly or royal psalm, one that deals with the King of Israel. It is the first of the Messianic psalms. The theme of Psalm 2: The King is rejected but coming to reign; therefore, we should "do homage to the Son."

Psalm 23

The basic relationship which we sustain to Christ is expressed under the metaphor of sheep and shepherd. Moreover, the relationship of congregation to pastor is under the same metaphor. Therefore, it is essential to understand the elements of this relationship since it is basic to our oneness with Christ. The metaphor of sheep and shepherd is the most commonly used metaphor in both the Old and New Testaments. A study in Psalm 23 is essential to understanding this relationship.

The Christian Perspective - A Comparison of Christian and World View

What should a parent tell a child who is moving into a college environment? What are the intellectual traps that Satan has set? Secularism, humanism, relativism, and socialism are the theme of college campuses today; and they come to us by the hour through the media and are constantly reflected in national policy. This booklet was written with a view to helping young people see the philosophy present in colleges and universities. It shows the beliefs of those with a Human Viewpoint foundation versus those with a Divine Viewpoint foundation.

Commentary/Outline Series

This series incorporates the following items.

1. The entire NASB text is found in each commentary. When these notes are used, you have your Bible with you. I Corinthians contains the whole text of I Corinthians, Ruth contains the entire text of Ruth, etc.
2. An orderly outline is given for the entire book. This is intended to organize the text in a way that makes it easy to study and teach. Outlining aids memory and helps one see the structure of the book.
3. A commentary on the meaning of the words of the Scripture passage is included. The explanation is based on the original Hebrew or Greek text.
4. Ample space is left throughout the commentary so that you, the reader, may add notes of your own or other sources.

Below is a listing of the commentary / outlines that are available.

Tracts

God's Path to Salvation (available in English and Spanish)

This tract presents the way of salvation as it is precisely defined and described by the word of God. The gospel is not the offer of a subjective experience but rather objective truth to be believed. This tract is biblically accurate, attractively formatted, and brief but complete—a tool you will be pleased to use in presenting the gospel to others.

God's Path to Fellowship

When a believer sins in act or attitude, as we all do, what occurs? Many new believers face immediate questions: Was I genuinely saved in the first place? Have I lost my salvation? In a brief and concise manner, the enclosed brochure gives the answer.

This series was given with a view to helping Beth Haven Church young people see the philosophy present in colleges and universities today. Since every major secular college in the United States is a socialist institution, a believer should be alert as to what his mind is going to be exposed. The series shows the beliefs of those with a Human Viewpoint foundation versus those with a Divine Viewpoint foundation. This series could well be used as early as junior high school.

Word of Truth

Chester A. McCalley attended Bob Jones University and Dallas Seminary, graduating with a Master's degree in biblical languages. He also completed additional graduate studies. In 1960, after leaving Dallas, he returned to Kansas City, Missouri, where he was raised, and founded Beth Haven Church. He dedicated his life to the comprehensive and accurate exposition of God's word. His teaching throughout these years at Beth Haven has been recorded on tape for the use of believers here.

In 1982, as an outgrowth and response to the need for good, sound, doctrinal teaching everywhere, Word of Truth was formed. Word of Truth is a not-for-profit corporation that was founded in order to provide believers with doctrinal Bible study materials in the form of audio cassettes and literature. These materials are meant to help believers learn and understand God's word so its power to guide can be applied to every decision faced in daily living.

Early in the morning of May 11, 2000, Chester went home to be with his Lord and Savior, Jesus Christ. We intend to continue the mission of Word of Truth and make Chet's Bible study materials available on a grace basis, just as he always insisted.
